Senate Votes Aid to Lewis and Clark Fair.

## PANAMA CANAL DEBATE

Senate Passes a Number of Minor Bills.

World's Fair Loan and Resolutions Occupy Attention of House Members.

Washington, Feb. 8.—After listening to speeches by Mr. Hopkins and Mr. Clay in support of the Panama canal treaty the Senate today passed the bill granting assistance to the proposed Lewis and Clark exposition at Portland, Or. The bill as amended so as to close the exposition on Sundays and the provision for a permanent memorial to Lewis and Clark was eliminated.

The Panama canal question was then taken up and Mr. Hopkins addressed the Senate in support of the canal treaty.

Mr. Clay followed, announcing his intention to vote for the canal treaty, but at the same time sharply criticizing the conduct of the Administration with dealing with the situation in Panama.

He announced his conviction that there had been a flagrant violation of international law, but said that in the face of the President's disclaimer he could not bring himself to believe the United States had promoted the secession of Panama.

On the showing made by the diplomatic correspondence he would have been compelled to cast his vote against the treaty, but the President's explanation coupled with his great desire to have a canal built and the deep concern throughout the South for the consummation of that enterprise, had overcome his objections.

The Senate passed the following bills: Finding the status of chaplains in the army.

Amending the revised statutes so as to permit vessels of less than thirty tons to bring merchandise into the United States from Mexico without a certificate of origin.

Setting apart a tract of land at Central City, Colo., to be used as a cemetery for the Odd Fellows.

Providing for the resurvey of lands in southwestern Colorado.

When the bill appropriating \$2,000,000 for the Lewis and Clark exposition at Portland, Or., was reached Mr. Gallinger suggested that the bill go over.

"Why?" asked Mr. Mitchell. "You are well let it pass now as at any time."

Mr. Gallinger withdrew his objection. Mr. Bailey entered a formal objection to the passage of the bill, but did not press it.

Mr. Platt (Conn.) offered an amendment prohibiting the opening of the exposition on Sunday and it was agreed to.

On motion of Mr. Mitchell the sixth section of the bill, appropriating \$500,000 for the building of a permanent memorial to Lewis and Clark was stricken out.

The bill was passed. The Senate at 5:35 p. m. adjourned.

**IN THE HOUSE.**

In the House the urgent deficiency bill was referred to the Committee on Appropriations, through the efforts of those who wanted to move concurrence in the St. Louis fair amendment.

Resolutions were adopted calling on the Attorney-General for information in addition to that furnished under the request for information as to the anti-trust suits instituted, also for a report made by any examiners sent by the Department of Justice to investigate charges made by S. M. Brosius of the Indiana Rights association.

Mr. Hemmings reported the urgent deficiency bill, the committee recommending nonconcurrence in all the amendments, and the House practically without discussion, nonconcurrence in all the amendments.

Mr. Williams (Miss.) moved concurrence in the latter amendment and the motion prevailed.

Mr. Tawney (Minn.) offered an amendment relating to the details of the repayment of the loan.

The committee rose with Mr. Tawney's amendment still pending, and at 10:15 the House adjourned until tomorrow.
